«About myself»

I am a girl of sixteen. When I look at myself in the mirror I see a blond girl with short straight hair, dark eyes and a slender figure. As to my appearance I'm rather tall and slim. I like to wear high-heeled shoes, trousers or jeans. I think that I'm even tempered, rather reserved, calm and modest. But sometimes I can lose my temper and become either angry or sad. I like staying alone and sometimes I retreat into my shell. But at the same time I like my friends, I like to laugh and joke. I have got a sense of humor. It means I understand humor and appreciate it.

There are many things in our life I like and some I dislike. I like when everything is OK. I like to study because knowledge is useful sometimes. I'm fond of reading as it gives not only knowledge, but also wonderful moments of joy and pleasure.

I was born on the 25th of April 1985 in the town of Stavropol where I live now together with my parents and my younger sister. My early years, which I remember badly, were typical of a child living in a town. I was born into a family of a teacher and a doctor. I was sent to a kindergarten at the age of three as both my parents were working. As all the children I went to school at the age of six. Here I should say that it was my lucky chance to study for 11 years at the school of fine arts in the town of Stavropol. There I got a proper training in such subjects as English, Russian, literature and world culture. School for me was not only lessons and learning, I had a lot of friends there. We organized extra class activities such as parties and other social activities. I actively participated in most of them.

I am sociable, so I have got a lot of friends among my schoolmates. I appreciate people's honesty, kindness, sense of justice and intelligence. I don't like when people are rude and aggressive.

Very soon I'll pass my final exams at school and after a farewell party at the end of June I'll say goodbye to my teachers.

Finally, the things I hope to achieve in my life are: to have a very successful career, so this year

after finishing school I will try to enter the University, to build the house of my dreams and to find someone in my life to share all that with.

My Family

Our family is neither large nor small. I have a mother, a father and a sister. We all live together in a three-room flat in Moscow. We are an average family. My father Mikhail Andreevich is 50 years old. He is a tall and well-built man with short black hair and grey eyes. He works as an engineer at a big factory. He likes his work and spends most of his time there. By character my father is a quiet man, while my mother is energetic and talkative. My mother's name is Elena Petrovna. She is a teacher of mathematics and plays the piano well. My mother always has a lot of work to do about the house and at school. She is a busy woman and we all help her.

My sister's name is Christina. Like our mother Christina has blue eyes and fair hair. She is a very good-looking girl. Christina is two years younger than me. She is a pupil of the 7th form. She does well at school and gets only good and excellent marks. Mathematics is her favorite subject and she wants to become a banker, as well as I do. Our family is very united. We like to spend time together. In the evenings we watch TV, read books and newspapers, listen to music or just talk about the events of the day. Our parents don't always agree with what we say, but they listen to our opinion. All of us like to spend our weekends in the country. We often go to the village where our grandparents live. They are aged pensioners now, but prefer to live in the country. My great-grandmother is still alive. She lives in my grandmother's family and is always glad to see us. Her health is poor and she asks us to come and see her more often. I also have many other relatives: uncles, aunts, cousins. We are happy when we are together.

My New friends.

My best friend's name is Anna. She is 17 years old and studies with me at the 11th form of a secondary school. She is an ordinary school girl who tries to look up-to-date. I'd like to tell you a few words about her appearance. She is quite tall for her age. She is the second tallest girl in the class. She is slim and good-looking. She has dark hair and big blue eyes with long lashes. She wears a uniform to school and a T-shirt with jeans when she goes for a walk with friends. She tries not to wear short skirts or dresses because she thinks they don't fit her. In terms of appearance, she took after her mother. Her mother is a beautiful woman and she looks rather young in her mid-thirties. She has got long dark hair and big brown eyes. As for Anna's hair, she likes wearing it in ponytails. She likes wearing jewelry or bijouterie but our teacher gets angry, so she simply wears small earrings. Her face is round, she has a straight nose, red lips and thick eyebrows. She doesn't use any make-up in day-to-day life. However, when we have parties or balls she uses some cosmetics and perfumes. Also, she likes changing her hair-do for parties. We both like to spend too much time in front of the mirror, and even my younger brother starts making fun of us. He says all girls are the same.

My flat

My family lives in a 9-storeyed building, which is situated near the city center. There is a nursery, school, several shops and a little restaurant not far from the house. We have an elevator in our communal entrance hall. We live on the seventh floor, that's why we're glad that we needn't to walk up. Our flat is very comfortable and cozy. It has three rooms: my parents' bedroom, my room, a living room. It also includes a kitchen, a hallway and a bathroom.

Our flat is provided with all modern conveniences: cold and hot running water, electricity, central heating, and telephone. A living room is the biggest one in our flat. It has a long table with several chairs round in the middle. To the right of the table, there is a big wall unit with a wardrobe and different shelves. Opposite the table, an occasional table with a TV set on it stands from one side. There is a cozy sofa with two arm chairs from the other side. The floor is covered with a beautiful carpet with patterns. The pictures are hanging on the walls. My parents' bedroom is cozy and

spacious. There is a bed with two dressing tables and small lamps on each of them. My room is the smallest one. It's very cozy and bright. It has a desk, an armchair, a wardrobe and a bed. My wooden shelves are overflowed with books, because I like to read. There is also a computer on my desk. Our kitchen is big enough. In the middle there is a dining-table with chairs. Opposite to it, there is a cupboard. In the kitchen there is a big refrigerator. Our kitchen is well-equipped. It has a toaster, a food processor, a microwave and a coffee maker. We like to spend evenings in our cozy kitchen, to drink tea and talk. I like my flat very much, it is the place, where I feel peaceful.

«House of my dream»

Everyone likes dreaming. It helps us to overcome the difficulties of our daily routine. As a rule, people imagine they have a lot of money, their own family, happy family and full social life. I'd like to tell you about the house of my dream. I'd like to have my house abroad. May be in America, in Florida for example because it's rather warm there all year round. I want my house to be near the ocean. I don't want to have it in town, because there is little fresh air and a lot of litter on the streets. I'd like to live there with my husband and my child. I imagine my house has 3 stories. It has a facade with columns and steps up to the front door. There's also a big balcony in my house and there are big windows. Through them you can see a wonderful view. There are lots of palm trees and flowers around the house. And there is nothing better than walking in the shade of these trees and listening to the whisper of waves.

I think it's wonderful to wake up in the morning in such house and see the sun shining through the window and hear the sound of the ocean. As you come through the front door, you would find yourself in a large hall with an open fireplace. One of the doors leads to the living room. This room faces the south, so it's very sunny and you can enjoy a wonderful view of the whole valley. In the middle of this room there's a thick carpet on the floor. We have little furniture in this room. On the left there's a sofa and small table near it, on the right you can see TV set. There are some armchairs in this room. In the living room we spend our evenings chatting with each other and playing with children. Behind the house there is a swimming pool and some plastic lounge chairs. Our house looks peaceful and calm. House of my dream is a beautiful place at any time of the year. In winter it's warm and cosy, and in summer there is so much to do outside.

«My Working Day».

I'd like to describe you how I spent my day yesterday. All my days look very much the same.

As a matter of fact, I am not an early-riser. I hate getting up early, but I got used to it. Yesterday I got up at 7. I did my morning exercises. Then I washed my face and hands and cleaned my teeth.

At half past seven I had my breakfast. I usually have a light breakfast which consists of a cup of coffee or tea and some cheese or sausage sandwiches. After breakfast I left for school.

My school is not far from my house. Usually I walk there. It takes me 10 minutes to get to school.

Yesterday lessons began at 8:30 a. m. and finished at about 3 p. m. Six or seven lessons a day is the ordinary timetable. I didn't have lunch in the school canteen because I took a packed lunch with me. And after classes I stayed at school to play basketball.

When I came home my parents were not at home yet. Usually they work till 6 o'clock p. m. that's why I took my dinner from the fridge and warmed it up myself. After dinner I had a little rest. I read a book and then watched TV for about half an hour and after I talked to my friend over telephone for few minutes.

After that I started doing my homework. It took me about two hours to do my homework.

My parents came home at about 7 o'clock. We had supper and shared the day news and plans for our next day. Then I had some time to play computer games. At 10 o'clock I went to bed.

2. Беседа с преподавателем по заданной теме. What did you do yesterday?

3. Write the text in Past tense:

On Monday we have five lessons. The first lesson is English. At this lesson we write a dictation and do some exercises. Nick goes to the blackboard.

After school I do not go home at once. I go to the library and take a book. Then I go to play football at the playground. Then I go home.

Ways of shopping

Nowadays there are different. Years ago people went to the shops and bought everything they needed. With the development of progress shopping began to change and now you can purchase things on the Internet. To attract customers shops provide various services: free home delivery and installation of some gadgets, money-back guarantee, buy and win coupons, repair services. They sell their goods on credit and what not. How inventive people may be in their thirst to get to somebody else's money! While speaking about shopping I can't but mention a very specific phenomenon of our life -advertising. We have to listen to ads and watch commercials at least hundred times a day. It penetrates to our minds and makes us wear some kind of clothes and shoes, it insists on our chewing all the time, cleaning our teeth with Colgate after we drink Coffee Nescafe.

As there are many different goods, so there are many shops which sell this or that kind of products. Here's a short guide of different kinds of shops. Department stores have many different departments: haberdashery, headwear, perfumery, stationery, leather goods, sports goods, china and glass, fabrics, linen, readymade men's and ladies' departments. In the ladies' clothing department you can choose dresses, skirts, blouses, coats, underwear. In the men's clothing department one can buy suits, sweaters, cardigans, pullovers, trousers and woolen jackets. We go to the dairy shop to buy milk, cream, cheese. Tinned fish, caviar, crabs, lobsters, and different sorts of fish — carp, cod,

salmon, trout, mackerel — can be found at the fishmonger's. Sugar, semolina, buckwheat, rice, coffee, spaghetti, noodles are sold at the grocer's. At the greengrocer's we can find all sorts of vegetables and fruit. Well, all this stuff you may buy at a market place and very often it is cheaper and of better quality. There are also big supermarkets where you can buy everything. Such shops are very universal and well-stocked. Moreover, we can order goods by telephone and with the help of different catalogues and fashion magazines.

Russian cuisine

Russia is the world's largest country, so it differs greatly from region to region. The same can be said about Russian national cuisine, which is rather varied and based on different cultural and historic traditions.

The most popular Russian soups, which are well-known all over the world, are borshch, shchi, and the cold summer soup okroshka and there are a lot of regional recipes for these dishes. Pelmeni is one more famous Russian dish. Pelmeni can be served with sour-cream and the filling can be made of any sort of meat – pork, beef, lamb or chicken.

The most popular Russian national salads are mayonnaise-based and rather substantial like Olivier salad (abroad it is sometimes called Russian salad), and “dressed herring”.

People in Russia usually have three meals a day. They are breakfast, lunch and dinner. Usually people do not eat much for breakfast. A usual breakfast includes sandwiches, omelet or corn flakes. Dinner is more substantial meal than breakfast. And usually it consists of two or three courses. People in Russia usually have supper in the evening when they come back from the work. So it starts at about 7 p.m. Families usually get together and share the latest news and enjoy the meal and the company. Dishes for supper vary greatly depending on the budget and preferences of the families.

City life or country life?

There are plenty of opinions on the choice of lifestyle nowadays. City life and country life have both pros and cons but my choice is the city. I am sure the city is the place where everything is happening. You have lots of job and rest opportunities and you will never get bored with a big variety of cultural activities and events.

It goes without saying that city life offers more work and education opportunities. In spite of high cost of urban living, there are more chances to find a well-paid job and make a successful career. Besides, compared to country life city life is more varied in many aspects: housing, shopping, medicine, entertainment, eating out, playing sports. City life offers more convenience as everything can be easily reached thanks to extensive public transport system.

Yet some people can't stand crowded streets and heavy traffic. They prefer countryside where you are closer to nature, beautiful landscapes and enjoy peace and quiet. In fact, country life has many advantages compared to living in a city. There is less transport and no industry. You can grow and eat organic food. The village community is small but friendly and tight-knit. People help each other.

Shopping

Shopping is an opportunity to buy everything what we need, from food to clothes. When we do the shopping we get to know a lot of information about different goods, their prices, quality. We learn to choose products, to spend money rationally. Someone will say that shopping is an original way of spending free time. Someone will say that it's a forced waste of money. Today, shopping is a means of our existence and living.

It's a so called exchange of money for any kinds of goods (from pins to vehicles). Thus, if you want to live in this world shopping is a real necessity for you. Everyone does the shopping: from the poor to a millionaire.

By the way, shopping is a great entertainment too. If you want to relax, shopping is for you. Many girls enjoy shopping and spend the whole day visiting shops and buying things. For them the process of shopping is more important than purchasing. While shopping we talk, with, other people, get experience, get to know many interesting things. But, of course, shopping depends not only on our mood but on our money, too. If you have a lot of money -you can choose what you want, if you don't have — you are to be very economical and buy only the things which are essential.

International cuisine

Every one like travel and for sure everyone tries local dishes while traveling. But some of them have already become so popular that they are loved, recognized and cooked in all parts of the world. I want to tell you about some.

1. **Pizza** is a dish of Italian origin consisting of a usually round, flat base of leavened wheat-based dough topped with tomatoes, cheese, and often various other ingredients (such as various types of sausage, anchovies, mushrooms, onions, olives, vegetables, meat, ham, etc.), which is then baked at a high temperature, traditionally in a wood-fired oven. A person who makes pizza is known as a pizzaiolo.

In Italy, pizza served in a restaurant is presented unsliced, and is eaten with the use of a knife and fork. In casual settings, however, it is cut into wedges to be eaten while held in the hand.

2. When Japan wants to build something right, it builds it really right. Brand giants such as Toyota, Nintendo, Sony, Nikon and Yamaha may have been created by people fueled by nothing more complicated than raw fish and rice, but it's how the fish and rice is put together that makes this a global first-date favorite. The Japanese don't live practically forever for no reason -- they want to keep eating this stuff. So, **Sushi** is traditionally made with medium-grain white rice, though it can be prepared with brown rice or short-grain rice. It is very often prepared with seafood, such as squid, eel, yellowtail, salmon, tuna or imitation crab meat. Many types of sushi are vegetarian. It is often served with pickled ginger, wasabi, and soy sauce.

3. **Pekin Duck**, China offers one of Beijing's most memorable dining experiences. The maltose-syrup glaze coating the skin is the secret. Slow roasted in an oven, the crispy, syrup-coated skin is so good that authentic eateries will serve more skin than meat, and bring it with pancakes, onions and hoisin or sweet bean sauce. Other than flying or floating, this is the only way you want your duck.

What kind of international food do you know?

«Sports»

A lot of people all over the world are interested in sport. Sport helps people to stay in good shape, keeps them fit, healthy and makes them more organized and better disciplined in their daily activities. We have always paid great attention to sport in our schools, colleges and universities. You can hardly find a school without a gym or a sport ground.

Every city and town has a few stadiums or swimming pools where local competitions are usually held. It's been a tradition in Russia to divide sport into professional and amateur (lover, beginner). There are different sporting societies and clubs in Russia. Many of them take part in different tournaments and are known all over the world.

A great number of world records have been set by Russian sportsmen: gymnasts, weightlifters, tennis players, swimmers, figure skaters, runners, high jumpers. Our sportsmen also participate in the Olympic games and always win a lot of gold, silver and bronze medals.

The Olympic Games have a very long history. They began in 777 BC in Greece and took place every four years for nearly twelve centuries at Olympia. They included many different kinds of sports: running, boxing, wrestling, etc. All the cities in Greece sent their best athletes to Olympia to compete in the Games. For the period of the Games all the wars stopped.

So the Olympic Games became the symbol of peace and friendship. In 394 AD the Games were abolished and were not renewed until many centuries later. In 1894, a Frenchman, Baron Pierre de Coubertin, addressed all the sports governing bodies and pointed out the significance of sports and its educational value. Two years later the first modern Olympic Games took place.

Of course, the competitions were held in Greece to symbolize the continuation of the centuries-old tradition. In 1896 the International Olympic Committee was set up.

It is formed by the representatives of all countries which take part in the Olympic Games. The International Olympic Committee decides upon the program of the games, the number of the participants and the city-host for the Games.

Over one hundred and fifty countries are represented in the International Olympic Committee now. Besides, each country has its National Olympic Committee. Summer and Winter Games are held separately. There are always several cities wishing to host the Games.

Key fact about Russian economy Part 2

Agriculture and industry

Russia has about 10% of all arable (пахотные) lands in the world located mainly in the Central Volga region, the Northern Caucasus, the Urals and Western Siberia.

The country is a major exporter of agricultural products, the world leader in wheat exports. The main crops (урожай) are cereals (4th in the world), sugar beet (1st in the world), sunflower (2nd in the world), soybean, potatoes, vegetables.

The main types of livestock (домашний скот) products produced in Russia are meat (beef - 1.6 million tons, pork - 3.1 million tons, poultry - 4.5 million tons), milk (30.8 million tons), eggs (42.6 billions), wool (56 thousand tons), honey (68 thousand tons).

The food industry is relatively well developed, oriented mainly to the domestic market. Other important sectors of the economy include the oil refining industry, metallurgical production, chemical production, engineering (defense industry, automotive, railway and agricultural machinery).

Russia is one of the world leaders in power generation. Electricity is produced at thermal, nuclear and hydroelectric power stations.

Transport system, Internet, tourism

The transport system in Russia is one of the most extensive in the world, including more than 120,000 km of railways, 1 million km of roads, 230,000 km of main pipelines, 100,000 km of inland waterways (внутренние водные пути).

The total length of the operational (эксплуатационной) length of railway tracks, as of 2018, was 122 thousand km.

In terms of total length, Russia ranks 3rd in the world, behind the United States (293.564 thousand km) and China (124.0 thousand km), and 2nd in terms of the length of electrified roads.

The huge territory and severe climate predetermined the paramount (первостепенный) importance for Russia of all-weather types of land transport - railway and pipeline. They account for the bulk of freight (на них приходится основная часть грузов). Water transport plays a much smaller role in Russia due to the short navigation period.

Today's Russia has one of the most developed in the world market of mobile communication. It is the largest country in Europe in terms of the number of Internet users. More than 40% of the population has broadband Internet access.

Russia occupies one of the leading places in the world in the field of international tourism. In total, there are more than 100 resorts: resorts on the Black Sea coast of the Caucasus (Sochi), a group of resorts of the Caucasian Mineral Waters. Other popular objects of international and domestic tourism are St. Petersburg and the surrounding area, Moscow, Kazan, the cities and towns of the Golden Ring of Russia, the Volga River (cruise routes), Lake Baikal, Kamchatka.

By 2022, a number of paradoxes have clearly become apparent (очевидный) in the Russian economy: the first - a lot of poor working people, the second - unemployed men aged 25-35 years engaged in housekeeping, the third - working pensioners, the fourth - extremely high mortality among men of working age.

TOM's trip story

I like my house, especially my room with a comfortable bed and my computer. Maybe I'm strange but I do not like camping. When I was eight, my father took me on our first and last camping trip together. It was the worst weekend of my life. It was raining heavily. We went for a hike, and I got lost. My dad had tried to teach me how to use a compass. We were walking while my dad was telling me about the north, the south, the east and the west. I was cold and bored, so I didn't listen to him very well. He left me with the compass and told me to find my way back. My dad said that I hadn't been lost for very long. But it felt like a whole day for me.

My company has recently transferred me to Denver, Colorado. My new co-workers really friendly and they have invited me to go hiking or camping several times since I arrived. I keep

making excuses, because I do not want to tell him the truth. My friend from Texas thinks I should go over it, because I'm not eight anymore. I'm afraid that if I go, I will make a complete fool of myself.

I finally decided I would give it a try. They make plans to hike in the Rocky Mountain National Park this weekend. After work, I found the nearest wilderness shop. The sales person thought I had lost my mind. He showed me a lot of manuals and I bought a lot of them though I was sure I would not need most of them. I bought one of almost everything, just in case. I even bought a wilderness guide. I went home and read all the manuals. I practiced setting up a tent in the backyard.

On the way to Estes Park, I tried to relax. But then it started to rain. I panicked. All I could think about was being eight years old, alone in the woods, cold and hungry. The guys didn't seem bothered by the rain. In fact, they seemed to enjoy it. We all put on our backpacks. Once again, I stood out. My backpack looked bright and spotless. I had forgotten to rub it in the dirt and stom on it. The price tag was still hanging from the zipper. My backpack was only one dripping with gadgets. They all stared at me.

We spent the next hour joking and laughing and eating a lot of tasty things. I told them all about my first camping experience. I decided camping might not be so bad after all.

3. he wanted to make his father feel sorry for him.

2. he dislike making excuses.
